Scene Completion Tasks

[← Back to home](#)

Reconstruct what you know, generate what you don't. This is a living graph shaped by community inputs. The interpolation and extrapolation extent of each method (visualized as 2D Gaussian variances) is open for discussion and refinement!

Papers

Click on a paper to highlight its position on the chart. If you want to improve or suggest something, click "Submit a Paper" or leave a comment on [this spreadsheet](#).
